

*Progressive Education Society's*

**Modern College of Arts, Science and Commerce (Autonomous)  
Shivajinagar, Pune 5**

## **Research Policy**

Our institution strongly believes that research plays a central role in shaping students, making them competent and skilled. To meet this goal, research and academics must be synchronized.

### **Purpose of the Research Policy:**

- To foster an attitude for research among students and the faculty and enable them to contribute for community, national and global development.
- To create a conducive environment for research and cultivate scientific temperament in the students and faculty.
- To ensure that the research activities of the college follow the rules and regulations laid down by Savitribai Phule Pune University (SPPU).

### **Objectives:**

- To create awareness among students as well as faculty members about research, publications, publication ethics, patents and Intellectual property rights and motivate them to pursue the same.
- To promote associations with different Research Institutes (National, International) and industries, through linkages and MOUs.
- To create an Incubation Centre by developing innovation ecosystems and helping in the transfer of technology.
- To encourage interdisciplinary projects and gain knowledge from multiple domains.
- To efficiently coordinate research activities between different departments of the college and to align them with the vision of the college.
- To create awareness amongst the students and faculty members about different funding agencies and industries.
- To ensure quality research and ethics as per SOPs.

### **Practices encouraged by the college to fulfill objectives:**

1. Provide infrastructure and required facilities to all 8 research Centers.
2. Encourage the faculty members to apply for recognition as research guides for M. Phil as well as Ph.D.
3. Support faculty members in applying for various minor and major research grants such as UGC, DBT-SERB, BIRAC etc. and also promote tie ups with industry funded projects.
4. The BOS of every department has included a research component in the syllabi of every subject.
5. Encourage interdisciplinary projects through Yuva Sanshodhak Scheme for students and faculty

members.

6. Promote conduction of seminars/workshops on patent filing and IPR for students and faculty members.
7. Encourage faculty and students to participate in different conferences and present their research work in the form of posters as well as oral presentation.
8. Purchase of a few research journals to help faculty members and students for different subjects which are available in the central library.
9. Motivate faculty members and students to organize and take part in research related activities.
10. Monitoring of research activities by the research monitoring committee of the college. Research coordinators for each department are deputed.
11. Constitution of the Research Advisory Committee and Research- Ethics committee.
12. Formulation of Standard operating procedures (SOP) for the Research Centre and faculty members to enhance their professional growth.
13. Institution of the Institutional Biosafety Committee soon especially for science departments.
14. Revision of SOPs from time to time as per the requirements.
15. College research journal for students and faculty members is under process.
16. To prohibit malpractices like plagiarism, college will soon purchase anti-plagiarism software of its own.
