College Profile

Modern College of Arts, Science and Commerce, Shivajinagar, Pune-5, established on 15th June 1970, is affiliated to Savitribai Phule Pune University. Our college is recognized by UGC under 2(f) and 12(B) since 1970. The college provides various academic amenities to attain Bachelor and Master Degrees in the fields of Arts, Science, Commerce, Computer Science and Computer Application. The college is a reputed educational institution, known for producing outstanding students, who successfully take different careers in the society as per their academic merit. .

The college ensures academic development of the students and provides them with opportunities to prove themselves by means of co-curricular and extra-curricular activities. The Science association and Arts circle of the college work continuously towards the promotion of scientific and cultural activities. The career guidance centre provides necessary information and guidance to the students whenever required. Moreover, the College is very well known in the field of sports. It has a well-equipped gymnasium for the benefit of the students. The College has been awarded Best College (Sports) award by SPPU for the years 2015-16, 2016-17, 2017-18, 2018-19 and 2019-20. The glorious records provide us with the evidence of how the college has firmly established itself as a "Modern" and "Progressive" educational institution. The college was felicitated with the 'Best College Award' by Savitribai Phule Pune University in 2008 and 2020, reaccredited with 'A' grade by NAAC, Bangalore in March 2010, and A+ grade with CGPA 3.51 in January 2017.

University Grants Commission (UGC), New Delhi, introduced a Scheme called College with Potential for Excellence (CPE), for colleges in the country with high quality of teaching and research, and achieved better standards in education by harnessing human and physical resources in innovative ways. We are proud to state that our College was declared as a 'College with Potential for Excellence (CPE)' by UGC in October 2011 and second phase in October 2017. Grant of rupees One crore was sanctioned for enhancing the teaching-learning process and enriching research and extension activities. All Departments are provided with laptops, LCD projectors, internet facility, advanced instruments to research laboratories for improvement in teaching, learning and research process. Extension activities like garbage management, tree plantation, psychological counselling centre etc. are planned. Needy students and teachers were provided funds and facilities for educational purposes through this grant. Office automation and governance is supported by computer and network facilities. College has a Digital Record Room for keeping office records updated in digital form. The recurring funds from this grant are also utilized for maintenance contracts for equipment, generator backup, lifts and campus safety measures.

'Funds for improvement in Infrastructure for Science and Technology (FIST)' grant by DST and Basic Scientific research (BSR) grants from UGC were also received to improve teaching-learning facilities. Department of Biotechnology, Ministry of Science & Technology, Government of India, Awarded 'STAR COLLEGE' scheme to our College in March 2013. New administrative building is well equipped for e-governance. Digital classrooms, virtual classroom, virtual laboratory, digital library are the modern technical features added in the facilities for students. The College has been sanctioned the Community College Scheme by UGC for the year

2015-16, 2018-19.

The young and highly qualified team of the faculty members spares no efforts to keep students well informed, and keep updating their knowledge. The students also reciprocate by their high achievements in academic performance. A large number of students get excellent placements in different parts of the country and overseas. Every year, several students are selected in reputed foreign Universities for higher studies.

Autonomous Status Awarded to College

Progressive Educations Society's Modern College of Arts, Science and Commerce, Shivajinagar, Pune-5 is glad to inform you that University Grants Commission, New Delhi, has awarded the Institutional Autonomous Status to our College from the academic year 2019-20 for the duration of 10 academic years (Reference UGC letter F.22-1/2017/ (AC) dated 29th April 2019, Savitribai Phule Pune University, Academic Section letter CA/931 Dated 29th May 2019).

There are following statutory bodies in the Autonomous Colleges: Governing Body, Academic Council, Board of Studies and Finance Committee. The Governing Body looks after the existing provisions in the bye-laws of College and rules laid down by the state government/parent University for smooth conduction of autonomous status. The Board of Studies in respective subjects of the College frame their own syllabi as per the guidelines for autonomous Colleges, laid down by UGC. The Academic Council looks after regulations for admissions, approval of syllabi recommended by the Board of Studies and approves various proposals and recommends them to the Governing Body for permissions. The Finance committee takes care of the budget for autonomous College regarding academic, administrative and infrastructure expenses.

With regards to the autonomous status of the college , the most important thing that all students and parents should remember is that though the syllabus framing, conduction of examination and result declaration is done by the College, students will be awarded their academic degree jointly through parent University i.e. Savitribai Phule Pune University , Pune and the college. The college has been granted academic autonomy to frame its own syllabi, execute its own examination scheme by following rules and regulations for autonomous Colleges laid down by UGC, New Delhi and Government of Maharashtra. Autonomous status to the College provides greater flexibility towards purely academic development, improvement of academic standards and achieving excellence.

An autonomous College has the freedom to:

- decide its own courses of study and syllabi, and restructure the courses to suit local/ national/ global needs
- Offer student-centric wide choices in courses, wide range of electives and freedom of choices of courses.
- periodically change the syllabus as per changing needs
- Promote healthy practices such as community service, extension activities, projects for the benefit of the society.
- The College has successfully implemented autonomy from the academic year 2019-20.

The past students of this college have instituted these prizes to be awarded to students of the college every year, who stand first in the college in T.Y.B.A., B.Sc. and B. Com. University Examinations and pass the Examination at least in the Second Class. More than fifty Prizes, Scholarships and Trophies have been endowed by various donors for excellence in academic, sports and cultural fields.

All the above prizes and scholarships are subject to the conditions laid down by the donor. The details of these prizes and scholarships are available with the office superintendent.

Student Aid Fund and Earn while Learn Scheme

Assistance is provided to the needy students to support their study under these schemes. The assistance is available on certain terms and conditions and subject to the availability of Funds.

Railway and Bus Concessions

The Students should note that grant of Railway and Bus concession facility is not the responsibility of the College authorities. However, in order to promote and protect the interests of students, who come from long distances, the college makes necessary arrangements to enable the students to get railway and bus concession facilities by concerned authorities. The actual grant of railway concession facility will depend upon the supply of railway concession forms from Railway Authorities. The students must also comply with rules and the procedures prescribed by Railway Authorities from time to time; failing which they may not be granted the railway concession facility.

The co-operation of railway and bus transport authorities and students is highly essential for the grant of concessions.

Central Sophisticated Analytical Instrumentation Facility

This facility was established through 'Funds for improvement in Infrastructure for Science and Technology (FIST)' grant of rupees One Crore Thirty Lakhs by the Department of Science and Technology received in the year 2019-20. This facility is very helpful in improving research quality. The instruments will support various chemical analyses including those involved in drug discovery and pharmaceuticals. High-end instruments like Gas Chromatography, High Performance Liquid Chromatography, Hydrogen generator from water, Milli-Q water system, ion spectrophotometer, rota evaporator from top makes are made available through this facility.

Library and Information Centre

The Library and Information Centre of the College is located on the first floor of the main building. Library has more than 1 Lakh books and 80 journals covering all subjects. Library provides 23 English, Marathi and Hindi daily newspapers. Students and staff get access to 6000 + e-journals and e-books through membership of DELNET, INFLIBNET's N-LIST and the National Digital Library. Instructions regarding the use of material and other rules of the library are displayed in the library. The College has developed a unique feature viz. Institutional Repository (IR). The IR contains all the information about the College, publications, e-content developed by staff members, lecture notes, presentations, and related academic information. The student is able to access IR through internet from any location and from any device. (Link to IR: <http://27.107.1.46:8090/jspui/>)

Each student gets an identity card from the library after completing the regular admission procedure. Various services and facilities are provided by the library such as a separate two-storied reading halls for girls and boys, circulation of books, reference service, referral service, biometric attendance system in the reference/digital library/reading hall, meditation point, mobile jammer, internet facility, access to e-resources through digital library, remote access to e-resources, Online Public Access Catalogue (OPAC), WebOPAC (<http://27.107.6.58:8001/>), institutional repository, plagiarism detection through 'Drillbit' Plagiarism Detection Software, e-newspaper clippings service, Monthly Library E-Bulletin MODLIB which covers events of the complete college, new arrivals display, separate computer section of 10 PCs are available for the visually impaired students, wheel chair for physically disabled library users and extended reading hall timings for students at the time of examination. Students are expected to avail these facilities by following library procedures and rules.

Students should preserve the copy of the library deposit receipt until they complete their course. e.g. F.Y. Library deposit receipts in original will be required after T.Y. or at the time of leaving the College for claiming the deposit. Students should return the library book(s) on due date, failing which the examination results of such students will be withheld. It is mandatory for new admitted students to attend an online Information library programme designed by the library and available on the library website. Visit the library website regularly for all the updates. Students get a book against the identity card, issued at the commencement of the academic year and can read the books taken on the identity card in the reading hall of the library. If the student wishes to borrow a book for home reading, he needs to produce his Identity card at the circulation counter and get it issued on his/her name from the library. Students must exercise utmost care in respect of the Identity Card, as he/she will be responsible for the loss of material issued against the card. If a student loses the identity card, he/she should immediately make a written application to the concerned faculty's Vice-Principal, who will forward it to the Librarian. The Librarian will issue a duplicate Identity Card against a payment of Rs. 100/-. Every student must carry and display her / his Identity Card whenever he/she is on College campus.

N.C.C. and N. S. S.

National Cadet Corps (NCC):

The National Cadet Corps (NCC) at Progressive Education Society's Modern College of Arts, Science and Commerce (Autonomous), Shivajinagar, Pune-5, provides students with an excellent platform to develop discipline, leadership, patriotism, and a spirit of service to the nation. The College offers opportunities to join various NCC wings, including Air Wing, Naval Wing, Armoured Corps, Signals, Girls NCC, and the 36 Maharashtra Battalion NCC Unit. Under the guidance of dedicated faculty members, NCC cadets actively participate in drills, weapon training, adventure activities, trekking expeditions, annual training camps, Republic Day and Independence Day parades, and national integration programmes.

The NCC unit plays a significant role in organizing and supporting college and community activities. Cadets contribute to social awareness campaigns, traffic management assistance, cleanliness drives, environmental conservation initiatives, blood donation camps, disaster management training, tree plantation programmes, and health awareness activities. Through these initiatives, NCC instills a sense of responsibility, teamwork, and civic consciousness among students while encouraging them to serve society and the nation with dedication and commitment.

The following teachers look after N.C.C.

1. Army - Dr. K.D. Gopale (Department of Botany)
2. Navy - Prof. Ashok Kamble (Department of Electronic Science)

National Service Scheme (NSS)

The National Service Scheme (NSS) is one of the most vibrant extension activities of the College, fostering social responsibility and community engagement among students. The Junior College NSS Unit comprises around 100 volunteers, while the Senior College NSS Unit consists of approximately 350 volunteers. The NSS units have earned recognition for their outstanding contribution to society, including the prestigious Best NSS Unit Award from the Government of Maharashtra. The Senior College NSS Programme Officer, Dr. Prabhakar Varade, has also been honoured with the Best Programme Officer Award by the Government of Maharashtra.

The NSS units organize a wide range of activities aimed at community development and nation-building. Regular programmes include rural camps, village adoption initiatives, cleanliness and sanitation drives, tree plantation campaigns, blood donation camps, voter awareness programmes, health check-up camps, literacy and education initiatives, environmental conservation activities, gender sensitization programmes, road safety awareness campaigns, and disaster management activities. NSS special camps conducted in villages such as Phulgaon, Kondhapuri, Vadhu, Pimpri Sandas, and Markal provide students with valuable exposure to rural life and social service. Through these activities, NSS promotes the motto “Not Me, But You,” encouraging students to become responsible citizens committed to the welfare and development of society.

Extra - curricular Activities

Gymkhana, Arts Circle and Co-curricular Activities

Progressive Education Society’s Modern College of Arts, Science and Commerce (Autonomous), Shivajinagar, Pune-5, strongly encourages and nurtures students’ talents in sports, cultural activities, and the performing arts through its vibrant Gymkhana and Arts Circle. The College has a rich legacy of producing outstanding sportspersons and artists, many of whom have brought laurels to the institution and have been honoured with prestigious awards such as the Arjuna Award and the Shiv Chhatrapati Award. The College provides ample opportunities for students to participate in sports, cultural programmes, and co-curricular activities that contribute to their holistic development.

To foster creativity, leadership, and teamwork, the College promotes a wide range of extracurricular activities through various student associations and forums across the Arts, Science, and Commerce faculties. These associations organize academic, cultural, literary, social, and skill-based programmes throughout the year, enabling students to develop their talents and broaden their horizons beyond the classroom.

Annual Social Gathering

The Annual Social Gathering is one of the most significant and eagerly awaited events of the College. It is conducted in a systematic, disciplined, and inclusive manner, providing students with a platform to showcase their talents and abilities. These include sports competitions, cultural events, exhibitions, talent showcases, and entertainment programmes that promote skill development and personality enhancement. In addition, various competitions such as quizzes, essay writing, elocution, debates, poster presentations, and other literary and cultural events are organized throughout the year. These activities help students develop confidence, leadership qualities, communication skills, creativity, and a spirit of healthy competition, thereby contributing to their overall personality development.

Gymkhana Managing Committee

The Gymkhana Managing Committee (GMC) organises and administers the overall Gymkhana activities of the College. The Principal nominates the staff members to supervise various sports events/items during the academic year.

Compulsory Medical Examination

Every student admitted to F.Y. of Graduation Courses is required to undergo a compulsory medical examination. The students are informed about the venue and the date of the examination soon after the commencement of the academic year.

Important points for the students to note and follow:

RAGGING IS AN OFFENCE LEGALLY PUNISHABLE

- 1) Ragging is a cognizable offence (Government of Maharashtra Resolution No. TEM/10967620/96 dated 6/9/1996). Students are requested to restrain from any form of ragging violating this provision is punishable by law.

Any kind of ragging practices / activities on the part of students are strictly prohibited. The Govt. of Maharashtra, has passed the Anti-Ragging Act. There are provisions in the act for serious punishment. The students should note and ensure that they do not involve in any activity / practice prohibited under the Act. **If any incident of ragging comes to the notice of College authority the accused student would be expelled from the College. The College has constituted a vigilance committee / anti-ragging committee headed by the Principal.**

Students having any ragging record and seeking admission to this College will not be admitted.

- 2) As per the Pune University rules 75% attendance is necessary to become eligible to appear for final examination of the year. All the students must ensure that they fulfil this requirement of attendance every year.
- 3) Wrong Parking of vehicles (two wheeler and four wheelers) causes great inconvenience to the traffic and it amounts to violating traffic rules. All the students should, therefore, park their vehicles (bicycles, scooter and motorcycles) only on the official parking space (i.e. vehicle stand) allotted to the students by the College.
- 4) Consumption of tobacco, alcohol or any other intoxicants within the College premises is strictly prohibited.
- 5) Any act of indiscipline and misbehaviour within the College premises is a punishable act.
- 6) A cell against Harassment and Atrocities against women is functioning in the College in keeping with the Supreme Court guidelines. (Vishakha guidelines).

Extract of Section 7 of Mah. Act. No. XXXI of 1982 Preventing Malpractices at University Examinations.

Prohibition of

Copying and Impersonating at Examination.

"Whoever is found in or near an examination hall by the invigilator or any other person appointed to supervise the conduct of the examination, from any book, notes or answer papers of other candidates, appearing at the examination for any other candidates or using any other unfair means, shall on conviction; be punished with imprisonment for a term which may extend to six months or with fine which may extend to five hundred rupees, or with both."

Admission procedure for foreign NRI and Out of State Students:

Foreign and NRI students are not directly admitted to the College for any course of University. These students must obtain necessary permission from the University authorities and complete the formalities prescribed by the University. Such students will be governed by rules framed by the University, College and other concerned authorities from time to time.

The students coming from other than Maharashtra State may be given admission to the respective courses depending upon availability of vacancies in accordance with eligibility norms prescribed by the University.

Fees

The fees payable by the students for the various courses will be as per the fees prescribed by the Savitribai Phule Pune University. Refund of fees if any, shall be according to the University rules prescribed from time to time. A student once enrolled in the College must pay the fees for the entire year even if he/she leaves the College in the middle of the term and even if his/her name is struck off from the College roll. Students of the College are eligible for Government free-ship if they belong to the following categories:

1. Scheduled Caste, Scheduled Tribes, Denotified and Nomadic Tribes.

Bachelor of Commerce (B.Com)-Unaided

History of the Department

Progressive Education Society's Modern College of Arts, Science and Commerce, Shivajinagar, Pune-05 was established in 1970, as the senior college of P.E.Society. The institution was a dream come true of the true visionary educationists: Founders of P.E.Society, Late Shankarraoji Kanitkar and Late V.T.Tatke. Modern College of Arts, Science and Commerce has bloomed to full extent under the able guidance of our honorable Chairman Hon'ble Prof Dr .G.R.Ekbote.

Keeping in view the changing scenario of this globalized world and the increasing demand for professional courses the college was able to start a new department under the banner namely-The Department of Commerce -Self Finance (Business Administration) was constituted in the year 2007. The B.com course which was newly constituted was at the infancy stage for a few years with the intake of a small number. However since 2010 the department had leaped through rapid strides in terms of student strength, one division for each year consisting around 360 students. In the year 2012 the department started a PG course, M.com with an intake of 60 students. Every year distinguished guests are invited to deliver valuable speeches to encourage students. The various events of the day-long programme including social awareness, cultural fest, Entrepreneurship development, Competitive Examination guidance, Placement activities, personality and soft skill development are organized under Commerce Association. The College has become Autonomous in 2019 and the department has strengthened itself by framing its own syllabus based on Industry requirements. Academic year 2023 has implemented NEP 2020 and has introduced skill based and vocational subjects in the curriculum. Overall the department is evolving to great strides considering the requirements of the students and the society at large.

M.A. Political Science (एम. ए.राज्यशास्त्र)

The Department of Political Science is considered a centre of high potential. Political science is the branch of knowledge, which deals with systems of governance, analysis of political activities, political thoughts, and political behaviour. It deals extensively with the theory and practice of politics, which is commonly thought of as determining the distribution of power and resources. Political science focuses on the theory and practice of government and politics at the local, state, national, and international levels. It is dedicated to developing understandings of institutions, practices, and relations that constitute public life and modes of inquiry that promote citizenship. Political science students refine their analytical skills while exploring policy initiatives and considering the ramifications of government actions. Critical thinking is vital for evaluating the platforms of political parties and the impact of leadership changes. They discover how to make a convincing argument and back it up with facts. During their studies, political science students learn how power is acquired, how campaigns are waged and how public opinion can be influenced. They study different models for leadership and gain a historical perspective regarding the relative effectiveness of different approaches.

M.A. Psychology (एम. ए. मानसशास्त्र)

The Psychology Department of Modern College was established in 1971. Since establishment, the department has made significant progress. Empowerment of the students is the main objective of the department. We arrange various student oriented activities throughout the year. i.e. educational visits, guest lectures, essay, debate and quiz competitions, exhibition of student projects, aptitude testing, counselling camps, students seminars, film festivals. Our students participate in International, National and State level conferences and present papers. They have secured ranks in the University examinations. The department organizes workshops for students. Various research activities are going on in the department. Students participate in 'Avishkar' competition. We have expert and experienced staff. Our staff members have written books on psychology, published research papers in journals. They are frequently invited by other institutions to give talks on various topics. The Department started a counselling centre in 1991, to provide psychological assistance to students, non-teaching staff and teachers of the Modern College. Students from the psychology department get hands-on experience by working in this counselling centre. Our past students hold good positions in various organizations. They help us in arranging extracurricular activities. The department started the P.G. programme from June 2006.

M.Sc. Biotechnology

Biotechnology has become one of the thrust areas in this fast progressing world. This applied branch of science has become an important component of research and development institutions, pharmaceutical companies, agro based industries etc. There is thus a growing need of well-qualified biotechnologists to meet the industry demands. In order to keep pace with this, our college started the B.Sc. Biotechnology course in 2005 followed by M.Sc. Biotech. course in 2008 affiliated to Savitribai Phule Pune University. Now from the academic year 2019-20 our college has autonomous status, thus we have our own syllabus for B.Sc. and M.Sc. Biotechnology.

Salient features and activities of Department:

The Biotechnology department has well equipped laboratories for Animal Tissue Culture, Plant Tissue Culture and Molecular Biology. The department also has a computer laboratory with an internet facility. Research laboratory with high-end instruments such as HPLC, Fermenter, PCR, ELISA Reader, and Cooling Centrifuges provides a good research atmosphere. The department also has a very well qualified faculty with subject specialization. Contributory teachers are invited from Pune University and various institutes like NCL, ARI, NCCS, etc.

Activities conducted by the Department:

- Biotech fest: Annual State level Research paper presentation and poster competition.
- Certificate courses under MCCG especially in plant tissue culture and animal tissue culture techniques.
- Visits to National Institutes every year like NCL, ARI, NCCS, Serum Institute, KF-BIO and Moving academy.
- Personality and Soft skill Development Programmes.
- Career guidance and placement by placement cell.
- Guidance and briefing for GRE, TOEFL, and IELTS for students who wish to pursue higher education abroad.

M.Sc. Botany

Since establishment, the department has made significant progress in teaching and several research activities at undergraduate as well as postgraduate level. The department has experienced and qualified staff with expertise in basic as well as modern techniques in Tissue Culture, Microbial Culture, Biotechnology, Taxonomy, Mycology, Biodiversity analyses and biochemical analyses. The department has two well established and well equipped culture chambers for Plant Tissue Culture and Microbial Culture; these are available for the undergraduate and postgraduate projects to encourage their talent and research activities. The department has a Postgraduate Vocational Biotechnology course. The department has a Postgraduate Research Centre, recognized by the Savitribai Phule Pune University. The department has a well-maintained fungal Exsiccata, Herbarium seed bank from NWG, Maharashtra and reference departmental library for the students.

Scope:

The subject has several job opportunities in the varied disciplines of Plant Taxonomy such as Forestry, Plant Pathology, Social Forestry, and Medico Botany. The subject is research oriented with several research programmes after post-graduation.

- Postgraduate Research at the centre Basic and Applied at the laboratory scale
- Utilization of research experience in Industries such as Fermentation Industry,
- Antibiotics, Biological Control, Agriculture, Agro-Products, Pesticides and Fungicides
- Botanical Survey Of India as Surveyor of Angiosperm Flora Well equipped
- Laboratory for Infrastructure lab. for Tissue culture, Microbial culture,
- Biotechnology, Mycology, Biodiversity analyses, Biochemical analyses

Research Publications and Activities:

- More than 50 research publications at National and International level.
- Digital herbarium. Co-evolution of Cryptogams and Grouse Locust.
- 15 Minor Research Projects and 2 Major Research projects.

M.Sc. Analytical Chemistry

Modern College has started M.Sc. (Analytical Chemistry) Course affiliated to Savitribai Phule Pune University from academic year 2007-08. The Chemistry Department is one of the largest Departments of the College. Our alumni are working in various Pharmaceutical Companies, Chemical Industries and Research Institutions like NCL, Pune. This Department has an excellent track record of results of University Examinations. Three (3) Research schemes have been sanctioned by BCUD, Savitribai Phule Pune University

Scope:

During the M.Sc. course the students will learn theory and practical of various analytical techniques. After completing M.Sc. in Analytical Chemistry course students can get the jobs in various Chemical Industries, R and D departments of Pharmaceutical Companies and Research Institutes like NCL, ARDF, DRDO, TIFR, BARC. The college has a placement cell.

Infrastructure and facilities:

Department has spacious laboratories which are well equipped with digital balances, PH-meters, Potentiometer, suction pumps, UV Spectrophotometer, G.M. Counter, Flame Photometers, glassware, model kits etc. *The Central Research Laboratory (FIST funded) is installed in the Department.*
Library:

The college has a central library which contains multiple copies of books required for M.Sc. course. P. G. students can have direct access to the library. Department also runs a library which has about 1000 reference books.

M.Sc. Organic Chemistry

As per the National Education Policy (NEP) 2020 directives in designing curricula, the importance is given for the critical thinking, newer pedagogical techniques, research aptitude as well as overall development of the students.

In this view, the M.Sc. (Organic Chemistry) curriculum has been designed as per guidelines laid down by the directives of the UGC, Government of Maharashtra, and Savitribai Phule Pune University. The newly designed syllabus includes the theoretical as well as advanced practical catering the needs of the students willing to join the research as well as the industry as their future career.

This program is developed in such a way to inculcate critical thinking ability, research aptitude, designing the own concepts which will lead to generate employment as well as own startups. It also helps in carving discipline, consistency, passion, dedication amongst the students.

Program Aims:

- Prepare the students for understanding the problem and its systematic solution, using the fundamental as well as the advanced knowledge.
- Develop interdisciplinary and multidisciplinary approach
- Inculcate the strong research aptitude, meticulous thinking with a theoretical understanding.
- Nurture the skills catering the needs of the chemical industries and the research organizations.

Providing them a hands-on training of Sophisticated Analytical Instrumentation in laboratory.

M.Sc. Computer Science

The Computer Science Department was established in 1986 and is affiliated to the Savitribai Phule Pune University. The College runs B.Sc. (Computer Science), B.C.A. (Science Faculty), M.Sc. (Computer Science) under this department. From academic year 2019-20 our College has autonomous status, hence we are having our own syllabus for M.Sc. Computer Science.

Salient features and activities of the Department:

The experienced staff members play a vital role to boost the student's morale and uplift their performance so that they get prepared to face the industrial demands. The department ensures a profound base of the students who are eager to learn and work to prove themselves as an invaluable human resource in the IT industry awaiting opportunities. The department also invites Guest Lecturers to keep the students in the race well ahead of others & also to give an idea of the current market situation. These are personalities from well-established companies & Colleges. The activities of Department include

- Software Exhibition & Competition to encourage the computing talent of students.
- Seminars, Symposiums, workshops, quiz competitions etc. under the guidance of well-known experts.
- Organization of Campus interviews, placement services by placement cell.
- Special Library Services for the students through the departmental library which is run by the students.
- Remedial courses for foreign students.
- Personal attention, counselling & guidance by class advisors and regular reporting of performance.
- Special guidance in project preparation by experts and experienced faculty.
- Extra Practical to develop special talents for the selected students. o Promotion of foreign language courses.

Our Placement Providers:

The department has a Placement Cell for the last semester students of M.Sc. (Computer Science) & MCA. The placement coordinator delegates different activities to these students & confirms that they are fulfilled in time. The students therefore realize the importance of time and become good time managers in the near future.

M.Sc. Computer Applications

At the Department of Computer Science, we strongly intend to achieve excellence in everything we do. The need of the hour in every field including education is remarkable excellence. Realizing this need, we introduced M.Sc. (Computer Application) course under Autonomy (permanently affiliated to Savitribai Phule Pune University) in the year 2019. This course is a replacement to the earlier MCA (Science) course, which was conducted from the year 2003 to 2018. The M.Sc. (Computer Application) Programme is a Two Year and Four Semester Full Time Programme. Students need to undergo full time Industrial Training in the last Semester. The objective of the Programme is to produce trained software professionals with hands-on experience in different specializations who will be able to handle software challenges in Industry / Academia.

Salient features:

- Qualified and stable Teaching staff
- Latest and adequate infrastructure
- Placement guidance available

M.Sc. Electronic Science

Modern College was the first among few colleges in Savitribai Phule Pune University to start Electronic Science as a separate discipline in 1985, when University introduced this subject. The P. G. Dept. was established in 1994. Dept. runs Junior, Senior and Post Graduate courses. The Department conducts courses embedded system, VLSI Design. It is also associated with IIT Powai as a nodal centre for virtual laboratory. Postgraduate research centre is Electronic Science in established in July 2011. M.Sc. Electronic Science course is affiliated to Savitribai Phule Pune University.

Salient features and activities of the Department:

Projects in collaboration with renowned academic institutes / industries like BARC, NCL, GMRT, BSNL, IMD, CMET, AVINCARE, SIMON Automation, IIT Powai etc.

Placement:

Tata consultancy Services, CG Corel, CMOS chip, BPL, SYNTEL, WIPRO, Simmons Engineers, BSNL, Dell, KPIT, Infosys. Some students are also earning by self-employment working in educational, research fields, marketing services, entrepreneurship and overseas employment.

Infrastructure:

- State of Art Laboratory, Virtual Laboratory Facility.
- Library containing over 1000 titles related to various fields.
- Well-equipped and interactive seminar hall with LCD projector.
- Experimental set up for Analog and Digital Electronics.
- Laboratory enriched with all kinds of platforms (MCS 51, MCS 86, AVR, PIC, ARM, DSP (TMS 6713), FPGA), PLC, CPLD and many other online projects, Robot platforms.
- Simulator software like UMPS, KEIL, MPLAB, AVR Studio, PLC and PSPICE.
- Other software includes MATLAB, code composer studio, C++ and Xilinx.

Activities:

- Study Tour / Industrial visits are organised for UG and PG students.
- Lecture series by innovative personalities from Research Institutes and Industries.
- State level project competition
- Training programs for students like PLC, CPLD embedded system, Robotics, DSP, lab view with the help of professionals in respective fields.

M.Sc. Microbiology

M.Sc. Microbiology is a two-year postgraduate program that provides advanced knowledge and in-depth understanding of microorganisms, including their molecular biology, immunology, virology, genetics, and industrial applications. It emphasizes research, laboratory techniques, and practical applications in solving real-world biological problems. After completing M.Sc. Microbiology, graduates can pursue careers in a wide range of industries. In the pharmaceutical and biotechnology sectors, they play key roles in drug discovery, vaccine development, and production of enzymes and antibiotics. In clinical and diagnostic labs, microbiologists work on disease identification, antimicrobial testing, and infection control. The food industry employs them for quality assurance, food safety, and fermentation technology. In agriculture, they contribute to the development of biofertilizers and sustainable farming solutions. In environmental science, M.Sc. holders are involved in bioremediation, waste treatment, and pollution control. Opportunities also exist in academia, research institutions, and government agencies, where they can contribute to scientific studies, policy-making, and public health programs. This degree also lays the foundation for pursuing a Ph.D. or entering specialized roles in scientific innovation and development.

Salient features and activities of the Department:

- Qualified, skilled and dedicated staff.
- Visiting Faculty from reputed research institutes, NCL, MCC, ARI, NCCS, NIV etc.
- Well-equipped spacious laboratory with all modern infrastructure and equipment.
- Guest lectures by experts, Seminars, exhibition and Quiz competition for overall development of the students.
- Practical training in various reputed Biotechnology institutes and industries. (NTC)
- A separate departmental library is available.
- Internet access for the students.
- Many P. G. Students are placed in research institutes for their M. Sc. projects.
- One day lecture series in Microbiology organized regularly every year.
- Special certificate course on 'Pharmaceutical Techniques for M.Sc. II students.'
- Activities conducted by the Department every year: Debate competition, Model and Poster competition, Microtoons and Salad dressing, Quiz competition, Social activity, Documentary competition, National and State conferences are organized.

The department also offers Ph.D. in Microbiology. It is a research-intensive doctoral program that focuses on the advanced study of microorganisms at the molecular and cellular levels. It involves original research, thesis writing, and contributions to scientific knowledge in fields such as microbial genetics, virology, immunology, environmental microbiology, and industrial microbiology. After earning a Ph.D. in Microbiology, professionals are qualified for high-level roles in various industries. In the pharmaceutical and biotechnology sectors, they lead research in drug discovery, vaccine development, and genetic engineering.

In academia and research institutions, they work as professors, principal investigators, or postdoctoral researchers driving innovation and mentoring students. In healthcare and diagnostics, Ph.D. microbiologists develop advanced testing methods, study emerging diseases, and guide clinical trials. The agriculture industry benefits from their expertise in soil microbiomes, plant-pathogen interactions, and sustainable farming techniques. In environmental science, they work on large-scale bioremediation projects, pollution control, and microbial ecology studies. Their skills are also valuable in government agencies, policy-making bodies, and international health organizations, where scientific insight is critical for public health and safety regulations. A Ph.D. in Microbiology opens doors to leadership, innovation, and impactful scientific contributions across the globe.

The Department of Zoology was established since the inception of the College in 1970. Initially it started with the B.Sc. (Zoology) course. In 1986 the department was recognized as a Postgraduate Research Centre. Later in 1994 the department began the M.Sc. Zoology course. Our department has gained academic reputation in the field of teaching as well as research.

Salient features and activities of the Department:

- Well-equipped laboratories for basic as well as advanced practical
- Conducive environment for research with adequate facilities
- Departmental library of reference books and journals
- Internet facility
- ICT enabled Lectures and Presentations
- Invited Lectures of Faculty/ Experts from University and Research Institutes
- Seminars and Group discussions
- Educational Visits and Excursion Tours
- Hands-on-Training
- Research Projects

Special Activities:

- Zoo Quiz: A quiz competition based on the prescribed syllabus
- Zoo Vision: Competition cum Exhibition of Posters and Models in Life Science
- Microscopy Workshop: An intensive hands-on-training in Microscopy in collaboration with Department of Zoology, SPPU
- Career Guidance and special guidance for Entrance exams
- **Certificate course:** Integrated Vermitechnology Training Course (IVTC)-Decentralized Waste management and urban Organic farming in collaboration with Institute of Natural Organic Agriculture (INORA)
- **Zoology Association :** Seminars, Presentations, Debates, Discussions, Wall Magazine

Department of Fashion Technology

We established a skill based vocational training program in Fashion Technology from August 2014. The aim of the course is to train students with the vocation of dress designing and stitching.

Salient features of the Department:

- Well qualified, skilled and dedicated faculty
- Advanced teaching and learning resources and methods. Career guidance cell for students. Collaborations with various Industries
- Well-equipped workshop for academic, skill development and research activities
- Workshops, guest lectures, seminars, exhibitions, industrial visits for overall development of the students.

UGC Community College Scheme:

- It is accessible to a large number of individuals of the community.
- It offers low cost and high quality education based upon vocational skills.
- The program focuses on universities and colleges providing undergraduate courses to incorporate specific job roles as per National Occupational Standards (NOSs) and NVEQF levels.
- Enables the students completing the Dress Designing and Tailoring course to get appropriate employment.
- It helps in creating entrepreneurs with knowledge about the industry.
- Realizing this potential of the fashion industry, its requirement of trained manpower and the initiative of UGC, the course of Dress Designing and Tailoring has developed.

Courses offered

Diploma in Dress Designing and Tailoring

In August 2015, the College was sanctioned course of 'Dress Designing and Tailoring' under UGC's Community College Scheme.

The course aims to deliver:

- Judicious mix of skills relating to fashion technology.
- Adequate knowledge and skills to enable them to be work ready.
- Practical orientation with theoretical base.

- Flexibility to students by single entry and multiple exit points in two steps Certificate Diploma.
- As the field is highly professional it will be supported with professional faculties having industry background, special equipment related to fashion industry, dedicated software, fabric library, resource centre of fashion, presentation tools, internet facility and timely industrial visits.

These Research Centres have undertaken the responsibility of guiding Research Students for M.Phil. and Ph.D. Degrees. Senior and well-known Researchers have been associated with the centres for guiding the research activities. Several research schemes have also been undertaken, which are sponsored by UGC, DST and Savitribai Phule Pune University. These centres have received substantial funds for conducting research under different schemes. The postgraduate students studying in College and other institutions have now good opportunities to take up the research projects in the faculties of Science and Commerce.

There are thirteen recognised postgraduate research centres in our College. One is in the Commerce department, in the Arts faculty there are four postgraduate research centres in Economics, Marathi, History and Hindi. In the Science faculty, there are eight postgraduate research centres in subjects Botany, Zoology, Electronic Science, Microbiology, Geography, Computer Science, Mathematics and Physics.

Priority areas of Research:

After post-graduation, students can enrol for M.Phil. and Ph.D. degrees at these centres.

Biotechnology:

Nano-biotechnology, Animal tissue culture, Stem cell technology, Protein chemistry, Diabetes, Clinical research, Medical microbiology, Opportunistic infections, Biochemistry, Enzymology, Photochemistry, Microbial biotechnology, Extremophiles, Zoology, Animal developmental biology, Cell-biology, Molecular biology, Plant biotechnology, Plant breeding and Floriculture.

Botany:

Biodiversity and Taxonomy, Propagation of Biodiesel plant *Jatropha*, Propagation of Medicinal Plants, etc.

Microbiology:

Plant-Microbe interaction, Dye-degradation by microorganisms, Alcohol Production of Yeast, Bioemulsifier production, etc.

Zoology:

Biodiversity studies with special emphasis on insect groups like mantids, tortoise beetles and longicorn beetles, Molecular barcoding (using DNA sequence) of butterflies, moths, and beetles, etc.

Electronic Science:

Various projects in Agri-electronics, Optical fiber, Communication, Antenna designing, Process Automation, VLSI Design, embedded system etc.

Physics:

Material Science

Commerce:

Accountancy, Banking & Finance, Business Administration, Marketing

Economics:

Research areas in Economics and Banking include Agriculture, Industry, International Trade, Finance etc.
